

**SKILLUP JUNIORS**

# PHONICS + MATHS

**(INTEGRATED PROGRAM)**

Give Your Child a Strong Learning Head Start  
For Age 3 to 6+ Years

## Phonics + Maths Integrated Program

For 3 to 6+ Years Ages

The early years are the foundation of your child's learning journey. If reading is unclear or maths feels stressful now, it affects confidence in every subject later. At SkillUp Juniors, we help children read confidently and understand maths clearly through a structured, age-appropriate, and child-friendly learning approach.

### Who Is This Program For?

For Ages 3-6+ years old

Children who guess words while reading

Weak spelling & pronunciation

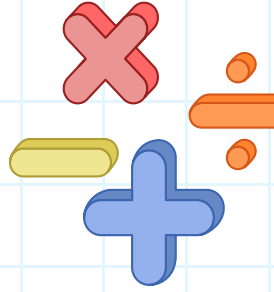

Maths based on memorisation, not understanding

Parents who want strong foundations, not shortcuts

### Program Snapshot

- Live Interactive Sessions
- Mode: Live Online Classes
- Class Duration: 50-60 minutes
- Batch Size: Small batches
- Materials: Worksheets & practice
- Assessment: Live assessments
- Certificate: Completion certificate

Active student participation	Live assessments for speed & accuracy
Recording access for revision	E-PTMs (Parent-Teacher Meetings)
Age-wise structured curriculum	Small batches for individual attention

## Our Integrated Learning Approach

**This program is built on a simple philosophy:**

**Strong Reading + Clear Thinking = Confident Learning**

**Phonics builds reading, spelling & pronunciation**

**Maths builds logic, speed & confidence**

**Children learn to understand, not memorise**

**The result is a child who learns faster, with confidence and clarity.**

### What Your Child Will Achieve

**By the end of the program, your child will:**

- Read confidently without guessing
- Spell and pronounce words correctly
- Read sentences and stories fluently
- Understand maths concepts clearly
- Calculate faster with accuracy
- Gain confidence in academics
- Develop a love for learning
